JOIN THE MOVEMENT

Martinshaw
Primary School

What is it?

The Big Pedal is the UK's largest inter-school cycling and scooting challenge.

Schools compete to see who can record the greatest number of bicycle and scooter journeys over two weeks.

When is it?

The competition runs from 18-29 April.

Schools can take part for all ten days of the challenge but their best five days will decide their final position.

Who can take part?

Teachers, parents and pupils are all able to take part in the challenge.

What do we do?

Cycle or scoot to school every day and encourage your friends, school staff and parents to do the same.

Record your journeys on The Big Pedal website and try to increase your score each day.

Prizes

There will be fantastic prizes up for grabs on every day of the challenge. Schools that score over 15% on each day will go into a hat to win a prize.

Prizes range from bike and scooter stunt shows to fantastic cycle and scooter storage.

Fundraising

In 2015, thousands of children across the UK transformed into their favourite superhero for the day to raise more than £6,000 for Sustrans.

The superhero event will be running again on the final day, Friday 29 April.

Good luck!

Smileage.
